RECITALS

- a. In February 2013, the NSW Government announced the five-year \$465.7 million *Waste Less Recycle More* initiative in response to the findings of an independent review of the Waste and Environment Levy. The NSW Government recently announced a \$337 million extension to Waste Less Recycle More to 2021. The Waste and Environment Levy is legislated under the *Protection of the Environment Operations Act 1997* which requires licensed waste facilities in NSW to pay a contribution for each tonne of waste received for disposal at the facility. The levy is the key policy used to drive waste avoidance and resource recovery by providing an economic incentive to reduce waste disposal and stimulate investment and innovation in resource recovery technologies. The *Waste Less Recycle More* initiative represents the refocussing of waste levy funding to support new and innovative waste and recycling programs that will deliver long-term change.
- b. A major part of the *Waste Less Recycle More* initiative is the *Waste and Recycling Infrastructure Package* which supports the *Resource Recovery Facility Expansion and Enhancement* contestable grants program.
- c. The *Resource Recovery Facility Expansion and Enhancement Grants Program* will reduce the amount of landfill by increasing the recovery of priority problem wastes in NSW.
- d. The Recipient has submitted an application for a grant from the *Resource Recovery Facility Expansion and Enhancement Grants Program*, which is attached as Attachment A to this Deed.
- e. The NSW EPA approved a grant from the *Resource Recovery Facility Expansion and Enhancement Grants Program* to the Recipient to fund all or part of the cost of this application and the Minister for the Environment has certified the expenditure.
- f. The Recipient has agreed to undertake the project as outlined in the Project Plan which is attached as Attachment B to this Deed and accepts the grant on the terms and conditions of this Deed.

- 22.3. Delivery late in the day
 - 22.3.1. Notwithstanding the provisions of this clause 22 (Notices), if delivery or receipt of a communication is on a day which is not a Business Day in the place to which the communication is sent or is later than 5pm (local time in that place) it will be deemed to have been duly given or made at 9am (local time in that place) on the next Business Day in that place.

23. Assignment

- 23.1. The Recipient must not assign, charge or otherwise deal with the benefit of this Deed, without the prior written consent of the EPA. For the purposes of this Deed, any change of control in the shareholding of the Recipient will be deemed to be an assignment by the Recipient.

24. GST

- 24.1. Notwithstanding any other provision of this Deed, if any Supply by one Party to the other pursuant to this Deed is deemed to be a Taxable Supply for the purposes of the GST Law and that Party is or becomes liable to pay GST in respect of such Supply:
 - a. the Grant will, subject to clauses 24.1(b), 24.2, 24.3 and 24.4, be increased (if GST is payable by the Recipient) or decreased (if GST is payable by the EPA) by any such GST liability provided the Supply is deemed to be a Creditable Acquisition so that the

party who is the recipient of the Supply is or will be entitled to receive an Input Tax Credit; and

- b. the Party liable for payment of GST must issue to the party who is the recipient of the Supply a tax invoice in respect of such Taxable Supply
- 24.2. Any invoice rendered in connection with a Taxable Supply under this Deed must conform to the requirements of a tax invoice under the GST law.
- 24.3. The Recipient warrants and undertakes that at the time any Supply on which GST is imposed is made by it to the EPA under this Deed, it is or will be registered under the GST Law. If the EPA requests written evidence of registration, the Recipient must promptly produce evidence satisfactory to the EPA.

Note

Previously grants had to be specifically covered by appropriation but now the 'specifically' has been removed. This has the effect as indicated below:

Removal of the 'specifically covered' requirement.

The term 'specifically covered' in subsection 9-15(3)(c) is not included in the new law. This ensures the following:

- a. The government related entity supplier does not need to be specified under the terms of the appropriation (either by name or as part of a class of entities). All that is required is for the terms of the appropriation to state the purpose for which funds are appropriated.
- b. The terms of the appropriation do not need to be restricted to government related entities. This is particularly useful for universities and schools where the terms of the appropriation often includes private entities as eligible for the funding.

All EPA funds used for making grants have been appropriated for the purposes of making such grants by the Environment Protection Authority, which has an established role in distributing money for environmental purposes.

In accordance with the ATO advice the EPA will not be adding GST to any grant made to a government agency and that government agency will no longer be liable to the ATO for GST for receipt of the grant from the EPA.

Please advise your financial department that all invoices will need to be issued excluding GST.

- 25.1.2. Each Party submits to the non-exclusive jurisdiction of the courts exercising jurisdiction in the State of New South Wales, and the courts of appeal therefrom.

25.2. Non-waiver

- 25.2.1. No failure or delay by the EPA in exercising any right power or remedy under this Deed, and no course of dealing or grant by the EPA to the Recipient of any time or other consideration, will operate as a waiver of the breach or a default by the Recipient. Any waiver by the EPA of a breach of this Deed will not be construed as a waiver of any further breach of the same or any other provision.

25.3. Entire agreement

- 25.3.1. This Deed contains the entire agreement between the Parties about its subject matter. Any previous understanding, agreement, representation or warranty relating to that subject matter is replaced by this Deed and has no further effect.
- 25.3.2. Any right that a person may have under this Deed is in addition to, and does not replace or limit, any other right that the person may have.
- 25.3.3. Any provision of this Deed which is unenforceable or partly unenforceable is, where possible, to be severed to the extent necessary to make this Deed enforceable, unless this would materially change the intended effect of this Deed.

25.4. Operation of indemnities

- 25.4.1. Each indemnity in this Deed survives the expiry or termination of this Deed.

- 25.4.2. A Party may recover a payment under an indemnity in this Deed before it makes the payment.
- 25.5. Consents
- 25.5.1. Where this Deed contemplates that the EPA may agree or consent to something (however it is described), the EPA may:

 - b. agree or consent subject to conditions
 - c. unless this Deed expressly contemplates otherwise

- 25.8. Relationship
- 25.8.1. Nothing in this Deed is intended to create a partnership, joint venture or agency relationship between the parties.
- 25.8.2. The Recipient shall not hold the Recipient itself out to be an employee, partner, agent or representative of the EPA.
- 25.8.3. All work performed by the Recipient and all contracts made by the Recipient to carry out the Project shall be performed and made by the Recipient as principal and not as agent for the EPA.
