To whom it may concern

To log the forest that nestles next to Corona lake is madness. I'm sure you are aware of this. I'm sure you know that this is not only immature, myopic and greedy, but it is clearly negligent. If you're an adult, which I'm sure you are — and if you are a fully-functioning adult, then surely you are abundantly aware of the environmental, financial, health, and countless ~~of~~ other assets associated with NOT logging this area that means so much to everyone — including tourists like me, who comes to the area regularly for its beauty.

Please do not buckle under the flagrant bullying by money-hungry unsustainable business-interests.

Cheers, Erick Mitsak, Melbourne,
