

To whom it may concern,

Having learned that Coruna Lake forest is about to be logged, I am horrified and deeply upset. The spiritual significance of this land is extremely important, not to mention the wildlife, flora & beauty of the area. All forests have this significance and deserve respect. So many living things, including people, benefit from the forests, yet the government is happy to let this be destroyed for the financial benefit of a few.

IT IS WRONG ON SO MANY LEVELS.

Look to your heart and do the right thing. You'll sleep better at night.

Wendy Wolff
