<tr>
<td>2.1</td>
<td>Workshop Introduction</td>
<td>Chairman John Tate opened the workshop and welcomed all present. He introduced all new people attending the workshop, including the Facilitator Dianne Sneddon. Mr Tate gave an overview of the session. Ms Sneddon explained that her role was to assist with this important workshop to “discuss opportunities for improving the management of air quality in the Upper Hunter Region”.</td>
<td></td>
<td></td>

</tbody>
</table>
| 2.2 | The role of the EPA in managing air quality | Mitchell Bennett, Unit Head Strategic Programs, EPA North Branch explained:  
- The role of the EPA and other government agencies in managing sources of air pollution  
- past and present actions by the EPA to manage air quality in the Upper Hunter Region. | | |
| 2.3 | Program Logic Matrix | Holly Love, Unit Head Stakeholder Engagement gave an overview of the program logic to be used at the session. | | |
| 2.4 | Break Out Session | Small groups then discussed the following questions:  
1. What is the outcome you want to achieve?  
2. How would that outcome be achieved?  
3. What are the barriers to achieving this outcome?  
4. What are possible solutions to these barriers?  
5. Who would be responsible? | | |
| 2.5 | Debrief on break out session | Groups presented the outcomes of the break out session. | | |
| 2.6 | Rank issues in order | Using a voting system, the Committee will rank the break out session ideas. The ideas and ranking were as follows: | Number of Votes |

<p>| Local compliance officers | 10 |</p>

**2.7 Closing remarks**

Mr Tate gave a closing address. Ms Sneddon will summarise the outcomes of the workshop and distribute them to the committee for comment.

Ms Marler added that the NSW Government would be starting ‘Caretaker Mode’ from 1 March 2019 which meant that no new programs are started during this time. It is however a good time for planning what can be achieved once government resumes.

**ACTION 1:** Ms Sneddon to draft a letter summarising workshop outcomes for the chairman to send to the EPA.
