

WasteLocate

QR2id Location Plate Installation

Blue QR2id Location Plates are scanned by transport drivers when delivering asbestos or tyre waste to authorised facilities. The optional green QR2id Location Plates are scanned by drivers when collecting waste tyres.

The plates should be installed at convenient locations to enable access by drivers as required, with regard to environmental and operational conditions.

QR2id Plates, mounting brackets, and related accessories are available from Amtac Professional Services Pty Ltd - email: WasteLocate@QR2id.com / phone: 1800 420 380

Tyre Consignors (optional)

Optional **green** QR2id Location Plates are for installation at tyre outlets and other locations from which consignments of waste tyres are collected for transport to authorised recycling and waste facilities.

Outbound

Waste Facilities (compulsory)

Blue QR2id Location Plates are for installation at recycling and waste facilities that receive tyre and/or asbestos waste.
