To Whom is in Power,
What can you do to help?
What can you do to become apart of a bigger picture?
Our forests, your forest, my forest, our childrens.
Our devastation, your devestation, my devastation.
The horrible irony is I'm using paper that was logged to encourage you to commit
to the preservation of Corrumba Forest
in South East, NSW. But together we are
larger than the some of its parts.
Let's protect something sacred!
Otherwise, what are we doing here!
Keep to the land!
Always yours.

Kyle Wilson
