Q16. What parts of the draft Coastal IFOA are most important to you? Why?  
   It is madness to clear fell our wonderful forests in N.S.W. They are habitat for our iconic animals, birds, insects etc and the lungs of our earth. Do we want our Koalas and other animals to become extinct as the Orangatangs will soon be because of the destruction of their forests ? I thought we were better than that. It seems that all the Liberal Government is interested in is money. Please keep our wonderful forests safe and protected.
