- Q16. **What parts of the draft Coastal IFOA are most important to you? Why?**  
Because i would like to see healthy forests and waterways for future generations
- Q17. **What parts of the draft Coastal IFOA do you think have a positive outcome on the management of environmental values or the production of sustainable timber? Why?**  
If steep slopes, habitat trees, old growth trees are left untouched theyre steps towards sustainable forestry

**Q18. What parts of the draft Coastal IFOA do you think have a negative outcome on the management of environmental values or the production of sustainable timber? Why?**

Overlogging. Because our forests are already compromised

---

**Q19. What are your views on the effectiveness of the combination of permanent environmental protections at the regional, landscape and operational scales (multi-scale protection)?**

Sure but we're seeing the boundaries shift top often so how can we be sure they'll be protected?

---

**Q20. In your opinion, would the draft Coastal IFOA be effective in managing environmental values and a sustainable timber industry? Why?**

No because we need to be planting out logged areas not going into fragile slopes and logging rainforest/old growth

---

**Q21. General comments**

I'm scared for our waterways and wildlife
