not answered
- Q11. **Organisation name** not answered
- Q12. **What is your preferred method of contact?** Email
- Q13. **Would you like to receive further information and updates on IFOA and forestry matters?** Yes
- Q14. **Can the EPA make your submission public?** Yes
- Q15. **Have you previously engaged with the EPA on forestry issues?** not answered
- Q16. **What parts of the draft Coastal IFOA are most important to you? Why?**  
Protecting the old growth forests and threatened ecosystems as well as soil and water quality.
- Q17. **What parts of the draft Coastal IFOA do you think have a positive outcome on the management of environmental values or the production of sustainable timber? Why?**  
None. Intensification of logging and clearing will result.

**Q18. What parts of the draft Coastal IFOA do you think have a negative outcome on the management of environmental values or the production of sustainable timber? Why?**

Intensification of logging and clearing in our forests threatens ecosystem function. There is nothing sustainable about it.

---

**Q19. What are your views on the effectiveness of the combination of permanent environmental protections at the regional, landscape and operational scales (multi-scale protection)?**

Permanent protection is required.

---

**Q20. In your opinion, would the draft Coastal IFOA be effective in managing environmental values and a sustainable timber industry? Why?**

No. Intensification of forest destruction is not sustainable.

---

**Q21. General comments**

I resent participating in this process and the time and energy that so many brilliant people have spent working to protect our forests. There is nothing "sustainable" about the draft IFOA.
