- Q1. **First name** Lee
-
- Q2. **Last name** Mazengarb
-
- Q3. **Phone** [REDACTED]
- Q4. **Mobile** [REDACTED]
- Q5. **Email** [REDACTED]
- Q6. **Postcode** [REDACTED]
- Q7. **Country** Australia
- Q8. **Stakeholder type** Industry group
- Q9. **Stakeholder type - Other**
not answered
- Q10. **Stakeholder type - Staff**
not answered
- Q11. **Organisation name** Toys and things
- Q12. **What is your preferred method of contact?** Email
- Q13. **Would you like to receive further information and updates on IFOA and forestry matters?** Yes
- Q14. **Can the EPA make your submission public?** Yes
- Q15. **Have you previously engaged with the EPA on forestry issues?** No

Q16. What parts of the draft Coastal IFOA are most important to you? Why?

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).

Q17. What parts of the draft Coastal IFOA do you think have a positive outcome on the management of environmental values or the production of sustainable timber? Why?

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).

Q18. What parts of the draft Coastal IFOA do you think have a negative outcome on the management of environmental values or the production of sustainable timber? Why?

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).

Q19. What are your views on the effectiveness of the combination of permanent environmental protections at the regional, landscape and operational scales (multi-scale protection)?

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).

Q20. In your opinion, would the draft Coastal IFOA be effective in managing environmental values and a sustainable timber industry? Why?

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).

Q21. General comments

Feel free to block big business n loggers n open cut mining etc from like everywhere but please please dont block the average joe from 4wd camping fishing n prospecting (metal detector pick n pan). Too much of this greeny crap is targetted on the normal chap and then in the legislation reserves the right of big open cut miners to destroy level an area at will when they feel like it.(ie the state conservation areas that are not for the environment despite what they claim, read the legislation its for big miners to mine it out later and also blocking anyone else from enjoying that crown public land).
