

NOTE : This Section 5 with the word " NOISE " added to the label will be introduced as from 1st January 1991 and replace the previous Section 5.

5. LABEL FORMAT

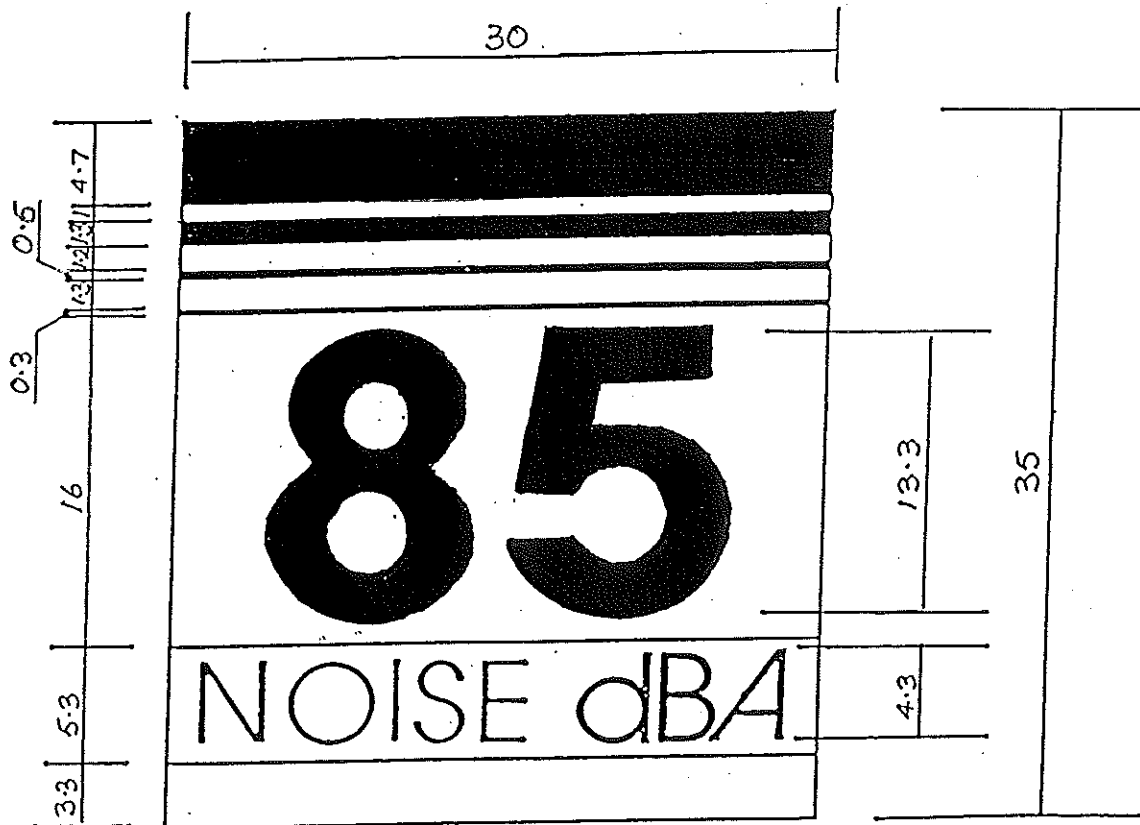

5.1 The noise level (LpA) of a chainsaw shall be displayed on a label with dimensions 30mm x 35mm.

Format, lettering and numbering size shall, as far as practicable, be identical with the relative scale of the format, lettering and number size given in the following example:

5.2 The label shall have a permanent clearly visible black legend on a silver grey background.

ACTUAL SIZE

Label dimensions (for chainsaws)

Large Numbers : AVANT GARDE GOTHIC BOLD (make sure zero is circular)

NOISE & dBA : AVANT GARDE GOTHIC BOOK (slightly lighter than medium)

- use the slanted version of A.

: Make sure all letters and numbers spacing is tight.
