Clean your chimney every year. Use only dry, aged, untreated wood. Use small logs instead of one large one. Don’t let your fire smoulder overnight. Consider a cleaner heating method. To reduce the harmful effects of wood smoke, follow these steps:

1. Clean your chimney every year.
2. Use only dry, aged, untreated wood.
3. Use small logs instead of one large one.
4. Don’t let your fire smoulder overnight.
5. Consider a cleaner heating method.

Remember, even in small amounts, wood smoke pollutants can be harmful, especially to the young, frail or elderly.

WOOD SMOKE ISN’T GOOD SMOKE.
