**Subject:** Submission: RFA review and extension

Dear sirxmadam I am writing to register my complete opposition to the RMA. I urge officials to throw out the RMAs.

One of mankind's biggest threats is nuclear war. Climate change and the terrible resulting stresses bring our species closer to war. So I implore the decision makers to leave the forests standing, and to keep the carbon locked up in the wood," in the interests of world peace

I confirm that my submission does not contain sensitive information and can be published in full on the Environment Protection Authority and/or the Department of Primary Industries website.

I understand that the Environment Protection Authority, Department of Primary Industries and/or the independent reviewer may contact me about my submission.

Yours sincerely, Alison Salmons
